## EVENTS

### SOLD OUT - Solo Jazz workshop series

In this energetic Solo Jazz series of 3 lessons of 1.5 hours each, we delve into the vernacular jazz moves and techniques from the 1910s to the 1940s. In a small group of maximum 4 people we dive into the wonderful world of Solo Jazz.

#### Why Solo Jazz?

Although dancing with a partner is fantastic, it is also very nice to be alone on the dance floor. Whether that dance floor is in your kitchen, a pub or with friends, dancing alone is just nice! Besides the fact that dancing yourself is very nice, it is also great for your development as a dancer. You become more familiar with the possibilities of your body. You gain more body awareness and confidence in yourself as a dancer by dancing solo.

#### Lesson content

The lessons will be about different moves and techniques that will make it easier for you to perform those moves. We also train your body awareness, flexibility and balance. In addition, your vocabulary of dance moves and styling will be expanded. Because we dance in a small group, there is a lot of time for personal attention and feedback. These lessons are practically private lessons, so you will see that you will improve enormously as a dancer in no time.
